Dear Huckleberry Kitchen Supporters ~

I am writing to inform you that after much discussion and consideration, the Huckleberry Kitchen of Futures Explored is moving towards a skills training program for individuals who have developmental disabilities and who are interested in learning to cook/bake for themselves and their families; or who are interested in pursuing a career in food service. As such, Huckleberry Kitchen will no longer be operating as a catering business as of October 1, 2019.

Futures Explored and Huckleberry Kitchen have been proud to provide quality foods to our customers for more than 12 years! We aim to continue to be a presence in our community and support individuals with intellectual and developmental disabilities to be positive and productive members of their communities.

Thank you for supporting Huckleberry Kitchen; it has been a privilege to serve you!
